

# Pasteur-Imagine Immuno Day

Thursday, December 11, 2025

Institut Pasteur, Paris, Duclaux Amphitheater

**9:00** **Welcome,** @ Hall Duclaux

**9:30-9:40** **Opening**

Prof. Yasmine BELKAID, President of the Institut Pasteur, Paris

Prof. Bana JABRI, Director of Institut Imagine, Paris

**9:40-11:00** **Session 1**

9:40 Yasmine BELKAID, IP - *Dendritic cell control of multi kingdom interactions*

10:00 Bana JABRI, Imagine - *Tissue immunity in health & disease*

10:20 Elisa GOMEZ PERDIGUERO, IP - *Contribution of developmental hematopoiesis to health & disease*

10:40 Sylvain LATOUR, Imagine - *IL-27 a new player in immunity to Epstein-Barr virus infection*

**11:00-11:20** **Coffee Break,** @ Hall Duclaux

**11:20-12:40** **Session 2**

11:20 Hélène STRICK MARCHAND, IP - *Antiviral immune responses in the liver of humanized mice*

11:40 Marie-Louise FRÉMOND, Imagine - *From genetic insights to therapeutic advances in type I Interferonopathies*

12:00 Gérard EBERL, IP - *Early life imprinting of mitochondrial activity*

12:20 Michela DELEIDI, Imagine - *Neuroimmune interactions in Neurodegenerative Diseases*

**12:40-14:00** **Lunch Buffet,** @The Modules

**14:00-14:40** **Keynote speaker**

Miriam MERAD, Director of the Precision Immunology Institute, Icahn School of Medicine, Mount Sinai, NY, USA

*Macrophages Key Guardians of Tissue Health and Drivers of Disease*

**14:40-15:40** **Session 3**

14:40 Darragh DUFFY, IP - *Dissecting variability in the type I interferon response - from autoimmunity to infection resistance*

15:00 Anne PUEL, Imagine - *Autoimmunity to Immunity & infectious diseases*

15:20 Friederike JONSSON, IP - *Antibodies & their receptors in autoimmunity*

**15:40-16:10** **Coffee Break,** @ Hall Duclaux

**16:10-17:10** **Session 4**

16:10 Patrick REVY, Imagine - *Somatic Genetic Rescue in ZCCHC8-associated telomere biology disorders*

16:30 Ludovic DERIANO, IP - *Genome Plasticity in Immune & Cancer cells*

16:50 Frédéric RIEUX-LAUCAT, Imagine - *Early-onset autoimmunity: monogenic causes but polymorphic expression*

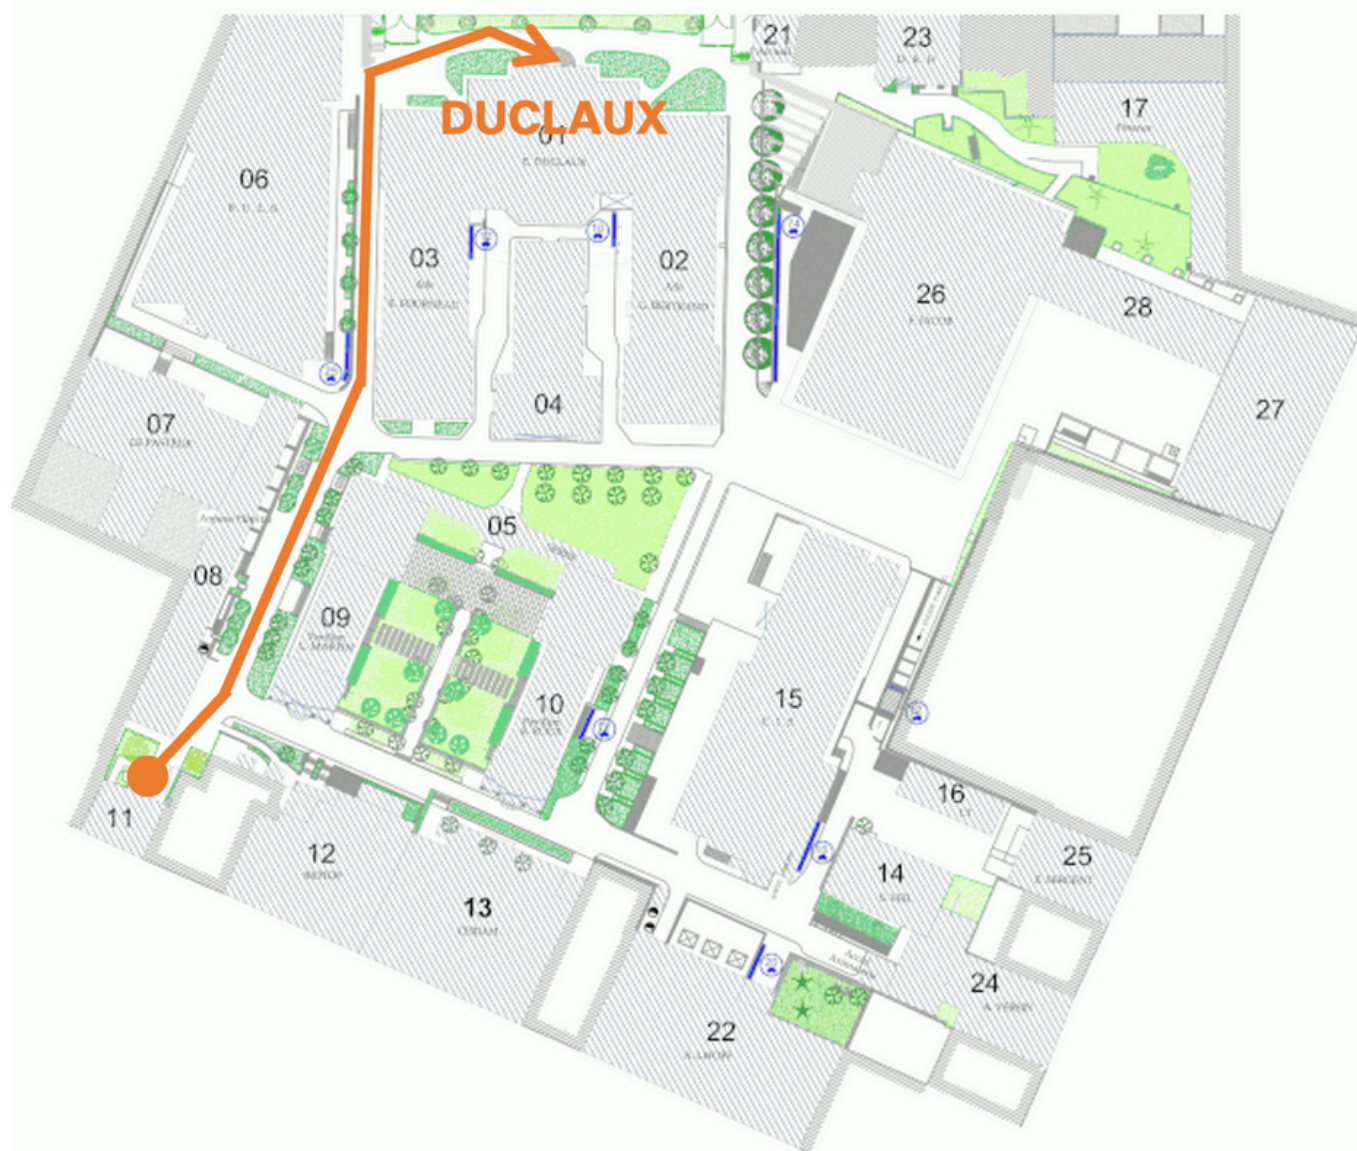

**17:10-17:15** **Wrap-up**

## Pasteur-Imagine Immuno Day

Thursday, December 11, 2025

Institut Pasteur, Paris, Duclaux Amphitheater

The meeting will have a dedicated entrance located at 205 rue Vaugirard (11 on the map) .
